

Cremona is a dream-town of musicians and teachers

The conference in Cremona 2019 was attended by two people - Ramil Sadriev, president and Ilsa Sadrieva, vice-president of Esta Tatarstan.

We are very grateful to the ESTA Solidarity Fund, who helped fulfill our desire to participate in the conference in Cremona, in a city where the history of famous violin masters and musicians are closely intertwined. We managed to attend events throughout the conference and it was big opportunity for us and for the teachers of Kazan. Of the activities I would like to highlight such events as: Stauffer Foundation daytime concerts, evening concerts by such masters as Antonio Menesis and others, ESTA Chamber Orchestra concert. Concerts were held in halls with excellent acoustics. Performers on different instruments showed the highest level of proficiency on their instruments.

I would also like to mention lectures and presentations by Kateryna Zavalko, Praskovia Tanikova, Bohdan Warchal, Masha Lankovsky and Eva Clementi. The conference in Cremona provided me new opportunities and contacts for international projects in Kazan and beyond, obtaining specialized information to pass on to teachers of the Republic of Tatarstan in the framework of seminars. After attending the conference in Cremona, a number of projects are planned for next year with the participation of branches from different European countries - joint concerts with musicians from Italy and the United Kingdom and others. After arriving in Kazan, I held in June a seminar for teachers in Kazan about the conference in Cremona. Separately, I would like to thank Mr. Werner Schmitt for the opportunity to attend the concert of the ESTA Chamber Orchestra in Venice.
